Problem Areas/Corrective Action:

They are continually evaluating their new processes and making adjustments to ensure the best possible program to prevent, detect, and respond to allegations of sexual abuse and sexual harassment. The leadership of the BCCC is dedicated to on-going monitoring and corrective action in order to achieve and maintain full PREA compliance and, most importantly, to maximize the sexual safety of the inmates in the Barnes County Correctional Center.

While implementing the culture change is a long and difficult process, the BCCC is committed to integrating the PREA standards into all policies and procedures. As importantly, the BCCC is committed to ensuring all staff understands the importance of compliance with PREA and the impact this important act has on the inmates. The BCCC continues to strive for the highest level of sexual safety for the inmates in our care.

The following are corrective actions completed at the agency level:

3. Updated objective screening tools for assessing the inmates.
4. Created a streamlined reporting tool for all agencies and the public to utilize in the event an incident needs to be reported.
